KEYNOTE

TOUCHSTONES: a journey of discovery + healing

As gardeners we accept the need for continual re-assessment, modifying our plans – and our plants, due to unexpected circumstances. Yet not all of life's changes are welcomed or so easily adapted to. As Karen shares her personal story, her greatest wish is that you too will learn to identify, cherish, and find strength from those connections that lie deep within your soul.

"Everybody needs beauty as well as bread, places to play in and pray in, where nature may heal and give strength to body and soul" – John Muir
